- Time

P R O F I L E

I have completed frontend courses, now I'm studying javascript and React. I have skills in responsive and adaptive web design. I have ability to put a lot of passion and love into the creation process of building user interfaces. I'm seeking an entry level position with Company to use my skills in coding, trouble shooting complex problems and assisting in the timely completion of projects.

E X P E R I E N C E
